VOL. 3. NO 33

LOMOND, ALBERTA, FRIDAY, MAR. 21. 1919

\$1.00 PER YEAR.

## LOCALETS

Edmonton, March 8th, 1919.

R. L. King, Esq.,  
Secretary Board of Trade,  
Lomond, Alberta.

Dear Sir:

With reference to your application for the establishment of a Police Detachment in your town, I beg to say that the matter was taken up with the Police Commission, and I am now in a position to advise that a detachment will be opened at your town very shortly.

Yours truly,  
A. G. BROWNING,  
Deputy Attorney General.

C. M. Holo has returned home from his annual winter sojourn in balmy California.

Mr. Bowden, living five miles south of Lomond, died last night from the flu. The present outbreak of the epidemic appears more serious than that of last fall, and it is estimated that there are near 200 cases in the district.

W. Fitzgerald is back in town for a couple of days on a business.

The Lomond Ladies' Peace Club are giving a tea on Wednesday at 3 o'clock in the building next the Lomond Realty offices—March 26th.

The U. F. A. debate on setting the Canadian wheat prices comes off on Saturday afternoon.

The Local Base Ball Club are giving a Basket Social and Dance in aid of the organization. Everybody boost,

its for the sport for 1919. Music by the Lomond Orchestra. Wednesday, March 26, 1919.

o o o

Frank Stephens and bride arrived in Lomond on Tuesday evening. F. A. is rushing around getting a home ready ready, with accommodation for two. All friends and neighbors join in extending congratulations, and a hearty welcome to the bride.

Niagara Falls Brief—

A very quiet but pretty wedding took place at the home of the bride's mother Mrs. Nancy Boyd, 1513 Whirlpool St., on Thursday evening March, 13th, when Ida M. Boyd became the wife of Mr. Frank A. Stephens of Lomond, Alberta. The happy couple left for the West on Friday evening.

o o o

D. Volesky is back from Wisconsin, he also brings his bride who was formerly of Grand Forks. We wish the happy couple much joy.

o o o

H. E. Elves returned Monday from Vulcan where he had been conducting a sale. Mr. Elves is carrying four auction sales this week and has a number of dates ahead, among these being Chas. Cumming's sale on the 31st. instant.

o o o

One would be led to believe that the winter was about to leave us. Weather prognosticators are quite satisfied that the equinoctial signs indicate a wet summer—with lots of mushrooms and mosquitos.

o o o

Seed Oats for Sale! 97% government test germination, 95¢ per bushel.—Alberta Pacific Grain Co., R. N. Moir, agent.

o o o

Dad Cox started in today to buck the Vulcan trail.

o o o

Elton Perkins who has been working near Calgary during the winter, came home today.

o o o

Arthur Clements left last week to take a position in Calgary.

o o o

D. A. Wilkinson is home from Wayne where he has been working on C.N.R. bridge construction.

o o o

Mr. and Frank Mrs. Brown and Lucile returned from Calgary by the last train.

o o o

L. H. Phillips and Allan left Wednesday for Winnipeg and to their former home in Southern Manitoba.

o o o

Mr. and Mrs. H. E. Elves celebrated their fourth wedding anniversary last Friday by entertaining a number of friends at a very pleasant social evening.

o o o

Mrs. W. A. Smith is enjoying a visit from her sister of Toronto.

o o o

It is reported that S. Sorensen has recently married at New York and is moving back to his farm at Lomond.

## Communication

The Editor,  
The Lomond Press.

Dear Sir:—

In last week's issue you mention taking a plebesite from the ratepayers on school matters. This is a very commendable way and hope we may see fully 20% returns and not a mere handful as on previous occasions.

In the meantime would it not be well to get all the information and data we can and fully discuss and (maybe cuss) the whole matter. I voted for consolidation, and at the earnest request of the School Inspector was to re-canvass our district and have another vote taken after it was turned down. I believe Consolidation is all right in theory yet I fail to see it in practice. In 1916 when in Edmonton I went to the Parliament House three times to have an interview with Mr. Boyle or McKenzie to get information on consolidation but was politely refused same. As long as the Department assume this attitude and ratepayers remain inactive will the present unsatisfactory conditions prevail, and not only that but we may look for a repetition of last year's Municipal affairs, (present board please take no offense) climate conditions and the present boundaries of the school district

are big factors to be reckoned with. If consolidation cannot furnish our children a full high school course and bring them to Lomond in a comfortable condition every school day and not once a week, like the Lomond train, then we must revert back to country schools, or pay for board and school supplies and send our children to Lethbridge or Calgary.

Yours truly,  
Gordon Elliott.

## THE LYCEUM CONCERT

By holding the troupe in town till Saturday night the local Lyceum committee managed to rustle a good house for the Beverley Entertainers. The greater part of the programme consisted of vocal numbers, and the chorus work of the four talented young ladies was well worthy of especial comment. The crayon work by Mrs. McElvie was very impressive. Taking it all through, the concert provided entertainment of the highest and the only fault found was in the limited quantity, THE PRESS got in "dutch" with the girls thru a superfluity of wishing, conne h snow banks, but escaped with more serious than a guilty conse

## Make The Returning Soldier Welcome

THIS is an important hour for Canada. The nation is entering on a new era. It is passing from war to peace. Let us start this new era right. There are thousands of soldiers returning from overseas. The Government is doing all in its power to get these men back to civil life.

It is giving a *War Service Gratuity*—more than any other nation—to keep the soldier going till he gets a job.

It gives him a pension—where his usefulness is impaired by his service.

It teaches a man a new trade when his service unfits him for his former trade.

It gives him free medical treatment when illness recurs, and supplies free artificial limbs and surgical appliances.

It is bringing back to Canada at the public expense the soldiers' dependents now overseas.

But the Government, however willing, cannot provide the personal touch needed in this work of repatriation. That must be given by the people themselves.

The men who went from these parts to fight in Flanders deserve a real welcome home—the best we can give.

In most towns committees of citizens have already been organized to meet the soldiers and their dependents at the station, to provide hot meals, supply automobiles, afford temporary accommodation when necessary.

In addition, many other towns are organizing social gatherings to give public welcome to returned men after they have been home a few days.

After he has rested, the soldier must be provided with an opportunity for employment. In towns of 10,000 population, Public Employment Offices have been established to help soldiers, as well as war-workers, secure good jobs quickly. Where these exist, citizens should co-operate. Where they do not exist, the citizens themselves should help put the soldier in touch with employment.

\* \* \*

The fighting job is done. It has cost many a heart-burn-  
ing. But it has been well done. The least we can do  
is to show our appreciation in no uncertain manner.

Don't let the welcome die away with the cheers.

### LOMOND DISTRICT

Recent auction sales show that the small horses are not wanted any more to any extent, and are changing hands at a price that will eventually put a stop to raising this inferior horse flesh while the demand for the heavy draft will induce their production.

o o o

Tom Rogers has rented his farm to Bobby Harper who intends to hire the work done, he remaining in town to cater to the public wants. Tom intends to visit old Ireland this summer and may return alone some time later.

o o o

Some of the men who went up to try their muscle up in B. C. have returned. Wages were cut several times during the winter.

o o o

The Whitting families are getting the flu reduced to the minimum we are pleased to report.

o o o

The drawing of hay and oats is on the program now and the demand is greater than the weekly delivery. However the farmers are being stocked up with these essentials, having worn out their toes with kicking and their tongues with useless palaver.

o o o

The Frank Newton family have answered the knock at their door and the supply of milk is limited. The flu has clutched many a person in the district and those that have not as yet had it are not particularly restful in their predicament, but as persons have been afflicted the third time, we may hope to dodge it again.

### NOTES

Three dry holes and two wet ones may appear like a waste of money to a few, but to THE PRESS it would appear quite justifiable. The new well has all the appearances of being a winner.

o o o

For the past eight or nine years we have advocated the policy of non-party government and now along comes Dr. Michael Clark and proclaims that there are no fundamental differences between the now ex-

o o o

Canada is quickly absorbing her demobilized soldiers and if the Bolsheviks would only close their traps repatriation would be a much simpler proposition.

o o o

THE PRESS has a lot of scores to settle with the public on various measures of a lighter vein. We have turned these over to the Lomond Bard and have a promise of definite results for

the next issue. In the meantime, preserve that "Katy."

o o o

The first item of this issue indicates a concrete example of the worth of a Board of Trade. A town gets recognition when negotiating through an organization such as this.

NOTICE—We just at the last minute got word that A. R. Hanna has gone and done it—gettin' married.

Once upon a time there was a Lady. This is a true story and the Lady never originated a thing. She always believed what she was told and was A1 on the Copy. She followed the Gleam, if you want to talk Highbrow.

She heard that it was wonderful how many cents you would have if you kept Every One that came your way and put it in a jug till there was not even standing room inside. She believed the Tale and hunted up a jug. Then she pestered the Life out of shopkeepers and curled many Grey hairs around her temples in the effort to make all her change come out in pennies. What did you say?

Honest? of course! Everything's honest in love and war.

Well, the jug became full instead of empty. And where did the Gleam lead the Lady? You'll never guess! Straight across the continent! She started in Boston and gleamed all the way to California on that Jug full of pennies. Honest, she did!

What a Lady would do another can gleam. Just think of the possibilities in-thrift stamps.

# "Seed Time and Harvest Shall not Fail"

Careful farmers right in this district have demonstrated the strength of this old biblical promise. In farming you cannot afford to "wait and see." Seeding has to be done in the proper time and in the proper way or you yourself rob the old promise of its chances of fulfillment. A Massey-Harris Seeder helps a lot. Look us up before you buy.
